## CAREER OBJECTIVE

---

M.Sc. Computer Science graduate with strong skills in Python, SQL, Data Analysis, Machine Learning and Data Visualization. Experience in data cleaning, exploratory data analysis (EDA), dashboard development and predictive modeling through academic projects. Proficient in Power BI, Pandas, NumPy and Scikit-learn. Seeking an entry-level Data Analyst or Machine Learning position to apply analytical and problem-solving skills in a data-driven environment.

## ACADEMIC QUALIFICATION

---

### 1. M.Sc. Computer Science | 2024 – 2026

Thiruvalluvar Govt. Arts College (Periyar University) **85.4%**

### 2. B.Sc. Computer Science | 2021- 2024

Thiruvalluvar Govt. Arts college (Periyar University) **CGPA:7.54**

## TECHNICAL SKILLS

---

- **Programming:** Python, SQL
- **Data Analysis:** Pandas, NumPy, Data Cleaning, Data Preprocessing, EDA
- **Data Visualization:** Matplotlib, Power BI, Excel Charts
- **Machine Learning:** Supervised & Unsupervised Learning, Model Evaluation
- **Tools:** Jupyter Notebook, Git, GitHub and VS Code

## PROJECTS

---

### 1. Sales Data Analytics Dashboard

- ✓ Analyzed sales data containing Customer, product and revenue Information.
- ✓ Performed data cleaning and exploratory data analysis using pandas.
- ✓ Developed interactive Power BI dashboards to visualize KPIs, sales trends and Business performance.

### 2. Campus Placement Prediction Using Machine Learning

- ✓ Built a machine learning model to predict student placement outcomes.
- ✓ Performed data preprocessing. Feature engineering and model evaluation.
- ✓ Implemented classification algorithms using python and scikit-learn.
- ✓ Improved prediction accuracy through feature selection and data optimization.

## SOFT SKILLS

---

1. Analytical thinking
2. Problem-solving
3. Teamwork and communication
4. Quick learner

## CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

---

- ✓ Certified in Data Analytics.
- ✓ Self-trained in Machine Learning through practical projects and Online Learning
- ✓ Applied Python, SQL, Power BI and Machine Learning techniques in Project.
